Supplemental Declaration Under 37 CFR §1.131

1. I, Michael J. Kinnavy am the inventor of the present application and hereby make this declaration.

2. As stated in my Declaration signed October 11, 2004 and submitted with the United States Patent and Trademark Office on or about November 5, 2004, I have declared the conception of the invention in this application in the United States, at a date prior to February 9, 2000 that is the effective date of United States Patent No. 6,560,453 B1 to Henry, which was cited by the Examiner.

3. In addition to the statements made in my earlier Declaration, I exercised due diligence between February 9, 2000 and December 18, 2001 to develop the present invention and prepare and file the pending patent application. During this time period, I continued to work on my invention and worked toward preparing the pending patent application for filing with the United States Patent and Trademark Office.

7. All of the above statements made of our own knowledge are true and all statement made on information and belief are believed to be true, and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that willful false statements may jeopardize the validity of this application or any patent issuing thereon.
